- If your entry is too large to e-mail (if it contains lots of photos it probably will be), please send by WeTransfer, Dropbox or similar.

AWARD CRITERIA

Tell the judges why your confined space or urban demolition contract should receive an award. It may have been unusually complex or demanding. It would have been delivered on time and budget, and completed safely. A client testimonial is expected, and control of noise, pollution and disturbance will be considered. Primary criteria against which entries will be assessed are: Professionalism/Expertise; Impact Minimisation; Neighbourhood Relations Management; Client Satisfaction. Depending on the number of entries this category may be split into two sections as in recent years. There is no charge for entering the World Demolition Awards and we look forward to hearing from you.
